

Cutting Out the Waste

SPEEDIO

New Product Unveiling Ceremony

New Horizontal Machining center

Exhibition Outline

Exhibition Machine

Horizontal Compact Machining Center

H550Xd1

Schedule

August 17(Thu), 18(Fri), 2023

(AM)10:00-12:00, (PM)14:00-16:00(2 times / 1 day)

*There will be a total of 4 times, so please come on a date and time that is convenient for you.

Location

BROTHER COMMERCIAL (THAILAND) LTD. Showroom

H Series New Model Unveiling Ceremony

SPEEDIO for **bigger** and **wider** areas

SPEEDIO first horizontal machining center 「H550Xd1」

The SPEEDIO, which will be released this spring, proposes further process integration targeting "large/long workpieces", which are increasing at customer sites.

H New Product & Maker Special Seminar & Demo Machining

We will hold a "new product seminar", "demonstration processing" and "participating manufacturer special seminar" for the new product H550Xd1.

H Demo machining process

Aluminum cutting demo

- Machining aluminum block of 400x120x70
- 3-face machining by B-axis indexing
- Excellent chip discharge unique to horizontal machining
- High-speed performance not found in No. 40 horizontal machining
- 200mm depth x 2 = 400mm deep hole drilling

New Product Seminar & Demo Machining Schedule

■ August 17 (Thu)

(AM) 10:00-10:15 New Product H550Xd1 Seminar
10:15-11:35 Maker Special Seminar(4 companies)
11:35-12:00 Demo Machining

(PM) 14:00-14:15 New Product H550Xd1 Seminar
14:15-15:35 Maker Special Seminar(4 companies)
15:35-16:00 Demo Machining

■ August 18 (Fri)

(AM) 10:00-10:15 New Product H550Xd1 Seminar
10:15-11:35 Maker Special Seminar(4 companies)
11:35-12:00 Demo Machining

(PM) 14:00-14:15 New Product H550Xd1 Seminar
14:15-15:35 Maker Special Seminar(4 companies)
15:35-16:00 Demo Machining

Exhibited by 10 Collaborating Makers!

Collaborating makers will also introduce the appeal of SPEEDIO together with their own products.

Co-exhibiting makers (No particular order)

A total of 10 collaborating makers will exhibit!

① OSG Thai

② Blum Production Metrology

③ NABEYA

④ EMUGE

⑤ OPEN MIND Technologies Asia Pacific

⑥ MITSUBISHI MATERIALS

⑦ MAPAL

⑧ MST

⑨ YUKIWA

⑩ SCHUNK

Application for Visit

Application Deadline : Until August 11(Fri)

Please access the application page from the following URL or QR code and apply.

SEMINAR CONTENTS

SEMINAR TITLE	MAKER
Introduction of New Product H550Xd1	
High-speed and high-efficiency cutting tools	
Unleash Your SPEEDIO's True Potential	
High-efficiency machining for aluminum	
Speed up NC Programming Through Automation Center	
Tools success project of Mapal	
Super Efficient Tapping with Speedsynchro Mini	
EV DEVELOPMENT & SCHUNK SOLUTIONS
